I am a girl who loves
music more than shoes,
or anything else for that
matter. My name is Hanan and I blog
about old songs and new, whatever I
happen to be obsessing over at the
moment. I spend all of my money on
music and think you should do the
same.

I post mp3s to expose people to the
music that I find top notch.

If you fancy a tune on here, do
something about it! Support the
artists by buying their records, going
to their shows and cleaning out those
merch tables! We can't let our
favourite musicians starve because of
the internet.

If you are the artist or represent the
artist and want any songs removed,
email me (h_erikat89 AT yahoo DOT
com) or leave a comment on the post
and I will promptly delete it.

Send me mp3s, full albums, whatever,
and if it tickles my fancy, I will do a
feature post on your music.

you should know straight away that I listen to every single submission that I get, but I hate most of it. if I don't email you back, it means that I think that you should probably stick to your day job.
